

## REMARKS

The claims are not amended, but are repeated here for the convenience of the Examiner. Reconsideration of the application in view of the above amendments and following remarks is respectfully requested.

Claims 1- 17 have been rejected under the judicially-created doctrine of obviousness-type double patenting as being unpatentable over Claim 18 of copending U.S. Application No. 10/100,333. While Applicants do not admit that any double patenting is in evidence between the applications, Applicants herewith submit a terminal disclaimer in accordance with 37 CFR §1.321(c) to further prosecution by obviating the double patenting rejection. Reconsideration and withdrawal are requested.

As no substantive rejection of pending claims 1-17 is of record, Applicants respectfully request reconsideration and further action in the form of a Notice of Allowance.

Should the Examiner require anything further, the Examiner can contact Applicants' undersigned representative.

Respectfully submitted,
